

Cambridge Forum Idea Mine

Transcription of Flip Chart Sheets

Nov 7th & 8th 2008

Cambridge, Vermont

Participants spilled hundreds of ideas during the two-day gathering, most of which were captured by facilitator/scribes. This document contains a (nearly) verbatim transcription of notes written during the Forum. Some license has been taken with spelling and punctuation. Minor interpretations are in a smaller type size (like this) and are mainly for clarity and keyword searchability. The transcription, in all respects, is faithful to the original (awesome) ideas and language.

This transcription is in chronological order and labeled by day, session, and topic. Participants are listed for each session.

#2 Informed Citizen Participation

Friday evening, 8pm, small group

Mary Fiedler, Betzi Goodman, facilitators

Terry Shaw, Roberta S. Marsh, Matt Safford, Chris Bolen

Strengths & Opportunities	Weaknesses & Threats
<ul style="list-style-type: none"> • Cambridge Arts Council • Chamber of Commerce • Rotary Club • PTA at CES • Cambridge youth soccer • Cambridge youth basketball • Cambridge youth baseball • Select Board finance committee • Quite a bit of it (strengths) • Fortunate to have older people to share the past • Oral histories • Videos of oral histories • Volunteering in schools • Historical Society • Planning Commission – communication and participation (potential) • Select Board meetings • School Board • Rec Board (recreation) • Conservation Commission • Crescendo Club 	<ul style="list-style-type: none"> • Difficult to get people to serve without an agenda • Little public input • Are younger people involved with their children's activities? Not a lot of older people in Historical Society • We used to have Christmas Club, Community Club • Lack of transportation to meetings • Lack of time • Working outside of town can be an issue due to lack of time • Society pulling families in two directions • Both parents work • Convincing people to volunteer is difficult • Is "local" participation a priority? • Older generation was very generous with time to help others • Younger generation not as willing to get involved • Schools need to help community learn about the "local" history • Missing generational families • Young people are not mixed generationally • We don't know as many people in town • People don't want to offend others by comments or having different ideas • Lack of communication between governing bodies in town • If the town had a website there might be more communication

Informed Citizen Participation	
In the Future	Key Issues
<ul style="list-style-type: none"> • Recognition that sacrifices may need to be made • Electronic information • More involvement in community events • People are interested in being involved • Continue the sandwich board • Multi-generational involvement • Change structure of town government • Communication with the State • Coordinated effort to save oral histories • Learning more about sustainable living • Financial resources are limited 	<ol style="list-style-type: none"> 1. #3 Social Capital

Friday evening, 8pm, small group
 Susan Serra, Chloe Nathan, facilitators
 Danielle DeLongis-Shively, Suzanne DeJohn, Andrea Lauritzen

Strengths & Opportunities	Weaknesses & Threats
<ol style="list-style-type: none"> 1. Loose, informal network of communication – general store, gas station, post office, restaurants, school, tavern (scattered places) 2. oppor: Turn informal to formal, places open after work hours, have info available 3. A lot going on 4. oppor: Official town website 5. Many strong businesses, locally owned 6. These people with strong work ethic, know economics 7. Investment in kids. Teachers like working at this school 8. People fiscally responsible, willing to spend money when we have needs, creatively make things happen, ex/ convert house to emergency, ex/ house purchase for fire dept. land 9. Many people showed up today = willing & able people interested in building community 10. People investing financially in Camb. ex/ Boyden Farm 11. Brown & Jenkins – new coffee place – came to Cambridge with her business 12. People interested in buying local 13. People charitable & giving even w/o xtra resources to support families in need (health, barn roof ...) neighbor to neighbor 14. Cambridge diverse: economically, old timers (compared with Underhill, for example – a 	<ol style="list-style-type: none"> 1. Need a central convenient location for people to gather and exchange info (zoning example: town clerk office locked – no access to info) 2. Last few years, serious increase in poverty, impacting culture, kids. Pot'l causes: combo of ppl moving here from Chittenden Co and losing jobs here and inflation -> now getting federal funding associated with poverty rates (Title 1) 3. Houses on market not selling [general economy] maybe new houses also not selling 4. No sewer system limits commercial growth and gathering places (like restaurant, B&B) septic system can't accommodate many people 5. Lack of common infrastructure 6. Old timers vs newcomers polarization (around civil unions for example) 7. Lack of opportunities to mix. Church used to do Wednesday lunch. School then got involved – mixed with older folks. What happened to it? 8. Same people volunteer, lack of young participation, yet hard to volunteer when not an old timer. Takes time to make connections 9. School is <u>the</u> community center, awkward if you don't have kids, isolates non-kid people. Need

<p>personal impression)</p> <p>15. More character</p> <p>16. Highly educated & talented people not just academic. Also professionally skilled (like farmers)</p> <p>17. Old timers & newcomers have common ground: invested interest</p>	<p>different venue or community focused addition; issues with school charging for use of space</p> <p>10. Hard to get in town clerk office, library (never open)</p> <p>11. Separation of Smuggs & town. How can we tie Smuggs more into community events since it's biggest employer in town? How foster the relationship – both ways? Smuggs become more corporate, removing local flavor</p>

Selection of Key Issues

Saturday morning, 10am, full group
Delia Clark, Facilitator

1	1	Community Gathering Place multi-generational, newcomers, programs, classes, events, shows, sports, café, shared resources, staff to coordinate, family programs, health classes, recreation/exercise, use of existing structures, funding mechanisms
2	2	Improved Communications One stop infrastructure, internal and external, town leaders, among neighboring towns, w/ Smuggs, high speed internet, among villages, town govt, commuters, programs & services, energy & recycling resources, emergencies
3	3	Coordinated Volunteerism Volunteer organization, committees, promote opportunities, newcomers, involvement w/ educ., nurture & attract new vols, town govt, multi-generational, cohesion
4	4	Maintaining Rural Character Agricultural, historical, cultural, stories, wildlife, natural, community farm, oral history, senior housing/services, environmental/river quality
	5	Appropriate Economic Vitality Hi/low tech, improve tax base, local jobs, infrastructure, community-based economy, town plan, multi-services, cell & internet access, high speed, tourist service coordination, energy, waste management
5	6	Transportation Solutions Public transportation, bike & pedestrian routes, trails, traffic patterns, connect villages, coordinated carpooling, infrastructure
	7	All Funding mechanisms

Key Issues were prioritized by frequency of occurrence in those brought forward by the small groups and by consensus of the Full Group. Issues 4 and 5 were combined for medium group #4 and Issue 6 was renumbered for medium group #5.

#1 Community Center

Saturday morning, 10:45am, medium group

Meg Fleming, Peg Davis, facilitators

Phil Rogers, Jan Sander, Rose D'Elia, Donna Rooney

Danielle DeLongis-Shively, Susan Serra, Tricia Hogan, Linda Collins

Goal

Create a multi-functional community center which is self sustaining

Problems	Solutions
<ul style="list-style-type: none"> • No central gathering area other than school • School not always available • Define what we want in center? • No comm. to inform people (newsletter) • Need to identify what resources are available • No central coordinator for volunteers, programs, etc. • Lack of volunteers • Burn out of volunteers • Lack of sustain. funding (non-profit organ, etc.) • Lack of tax payer support • Lack of multi-generational activities • Hard to keep sandwich board going • Creating things that are <u>not</u> tax-based • No virtual comm. center, website • Location of center • No indoor rec. activities • No swimming pool • No determination of the financial access to center (will there be a fee, etc) 	<ul style="list-style-type: none"> • Local thrift shop to fund local act. • Coordinate with Smuggs to have act. like free swim • Comm. resource list • Welcome packet or directory which lists available resources, etc. • Update 1999 Com. service list • Newsletter, central clearing house website • Real kiosk – info available to locals and tourist, multi-generational • Partner up with JES to get credits for projects (JSC? CES? Johnson Elementary?) • Coordinator could be student? • Building a self-funded building with indoor pool, comm. garden, fields, etc. indoor rec. facility, gym, kitchen, conf. rooms, etc. • Windridge - Bell-Gates • Partner with other local facilities and/or business • More internet access in comm. locations • More access to library • funding ideas • charge for use of space • membership fees for certain activity • annual fund raising activity • fees for ind. classes • local sponsors to off-set costs • commercial partnering • Local "Craig's List" profits go to center

- Using available properties
- Identify these properties and assets
- Look into grants
- Hiring a central coord. (PAID!) – part time or full time
- Quantify social assets
- Americorp volunteers (Americorps)

Group Organization

Saturday afternoon, 1:50pm, full group
Delia Clark, Facilitator

Straw Poll Indicators	
* 57	Communications #1 – community website #2 – community services info
* 48.5	Rural Character/Economic Vitality #1 – marketing/branding #2 – business forum
* 47	Community Center #1 – define physical assets #2 – funding
21.5	Transportation #1 – map & improve trails
19	Volunteerism #1 – resource list #2 – advertise #3 – networking
11	Community Center #3 – hire coordinator
10	Rural Character/Economic Vitality #3 – place-based ed program
4	Transportation #2 – public transportation potential

An informal straw poll was conducted on the project suggestions sheet from each of the 5 medium groups. The full group members were given three stick-on dots of different colors to represent their 1st, 2nd, and 3rd priority choices in answer to the question "What should we do first?" Dots were weighted 1st was 3 points, 2nd was 2 points and 3rd was 1 point. The value of the dots was calculated for each project suggestion.

Projects to develop were determined by consensus based on the straw poll. Interest was divided on the first two projects suggested for Rural Character/Economic Vitality; taken together, the poll reveals considerable interest in economic development. While Transportation was a distant fourth, individual interest was keen enough to encourage joining the Conservation Commission, a group already in existence.

Guided by Delia, the first three projects were chosen for development. The other projects were loosely associated with these three. Keep in mind that these are new projects, not replacements for existing projects. It is hoped that improved communications among all projects will help to further the goals of the Cambridge community,
