## **CAMBRIDGE CROSSROADS DISCUSSION**

### Accomplishments:

- Community Center: already held one event and another coming up; has identified list of facilities.
- Communications: formation of webpage and gmail account
- Economic Development: making connection with community groups; creation and distribution of letter to gather ideas for town icon.

### Expectations (“brainstorming”):

- All 3 groups be united in common purpose – be neutral provider of info and help – provide source of help and contacts
- Three groups represent themes we all agreed on.
- Roberta: public was interested in PLACE events; need to inform public better.
- Crossroads represented a touchstone for the 3 groups with groups operating independently.
- Need personal contacts for community groups for communications
- Eagles Club gave contacts for TV and newspapers – mailing and phone nos.
- Newsletter needed for non-internet residents.
- Thanks go to Paige for sandwich board – very effective for those without internet.
- How to get more people to meetings? Need more sharing in meetings, like sharing of history. Don’t mix sharing with business part of meetings.
- Cambridge Crossroads works without defining exactly what it is.
- Must reach everyone in town.
- Joel: invite brother to help start a newsletter.
- Phyllis: Kathy will do presentation on how to do press releases.
- Phyllis: Communication lost focus. Need more brainstorming.
- Communications missing what groups are in the community and how to access them.
- Jen wants to create formal trail committee

- Crossroads shouldn't compete with existing groups.
- Interest in community center but struggling with scope.
- How can the broad community stay in touch with events and groups without creating a newsletter.
- Separate crossroads as steering committee.
- Separate groups – establish goals.
- Michael disagrees; facility that gives empowerment is the group meeting (not the brainstorming like tonight). Optimism still there. Meetings on same night and place positive.
- Teen Center – poll teens to see what want. Corresponds well with community ctr.
- Dennis- Crossroads should evolve into an organization of organizations.
- Four Winds needs more volunteers.
- FUTURE PLAN: come back next month and bring friend.

Meeting adjourned 9PM

**POST MEETING NOTE:**
